MOPNING LEADER.

MONDAY MORNING OCT. 5, 1861. Not a Cheerful Prospect-

The rebel authorities and newspaper wri ters do not derive much consolati the battles in Georgia. On the other hand, they mourn a less of from 10,000 to 15,000 and men, who cannot be replaced. Breck-inridges division lest thirteen out of aix-mate, where ventilation was prevented, afinridge's division less thirteen out of airtess hundred men, and other divisions are
said to have suffered no less severely; and,
indeed, the Richmond Eraminer says that
seen if the campalgu should end with the
capture of Chattanoga, "the victory
would be comparatively unimportant."

mate, where ventilation was prevented, after fifteen rounds of powder, taking aim
was impossible, and in forty-six rounds a
gunner fell in convulsions and the rest
were stupefied. At fifty rounds in eighty
minutes, firing was impossible with powder; while continuous firing with guncotton was sustained for fifty rounds with
agricult case and without any inconven-"We will have repulsed the enemy," it berfect ease and without any inconvenadds, "but will leave him in occupation of his former lines and in possession of his ed by direct experiment. Its value is two thirds of the recoil from gunpowder, the

The Boston Traveller says the Government is about to adopt new and more efficount measures for the enlistment of re- Krupp's cast steel gun, six pounder: Or by drafted men for commutation is set a fund for the payment of premiums and bounties. Persons presenting without in the least affecting the endurance of the gan."

Shells filled with gun-cotton are broken into more than double the number of piecesteran recruits who shall be accepted will receive a premium of \$25 for each; \$15 it has been noticed that the thicker and stronger the abell the smaller and more each will be paid for all other recruits.

Ye Copperheads in Council. WAREHAN, Oct. 1, 1863. Estrona LEADER: September 20th was to be a great day in Wakeman, according to the programme arranged some four weeks since by the leading Sashems of the land. party in this place. Word had been cir- The "Testimonial ' to General McCiclian. culated far and wide that a great mass meeting was to be held. Eminent speak- pear to receive with the greatest enthusiers had been secured, and a good time gen- asm the proposition to purchase some tescra ly expected. Bills were posted thick- timenial for General McClellan. The offily and prominently through town, and at cars and men of the Sixtisth New York van the cross roads, and we had flattered our. regiment have expressed their opinion upselves that Wakeman for once would en-tow the privilege of witnessing a ground tions, as follows: joy the privilege of witnessing a crowd tions, as follows : that would be worth bragging abous. We watched for the morning trains, expecting to see them loaded with the masses that

to see them loaded with the masses that were coming to help roll on the Copper-bead hall. Also, for human hopes and expectations! The first train arrived, and a solliary stranger got off from the cars.

In a manner that will influence their fractions in the Copper-bead hall of the Copper-bead We saw him immediately approached by "Resolved, That believing history will ceeding with great rapidity in Maryland. the Chief Moguls, and concluded he must do justice to the really deserving, and the Loyal masters receive certificates for each the Chief Moguls, and concluded he must be the masses from the East. Waited half as hour longer, and the Western train arrived. Now they have come surely, naid we to conselves. A few minutes later we saw four individuals—all that came on the train—coming across the track, and recognized them as the eminent speakers. The first stranger who arrived was then towed across the track and introduced. He for to the eminent speakers. Again we National Government." waited, remembering that freight trains sometimes carry passengers, but they didn't that day sure. Elsevan o'clock came, and so did Copperhead and his wife and of the suffering of the department clerks souri was among the principal topics unsured and the suffering of the department clerks. and so did Copperhead and his wife and two daughters. Next, a wagon loaded with sand, but he was not going to meeting, and we didn't count him. Next, a one horse load of melons. This appeared to draw well for a time. Soon after we noticed the Berlin Band wagon coming down from the woods, evidently looking for the crowd that wasn't there when the speaking was to take place. Soon after be the speaking was to take place. Soon after the speaking was to take place the speaking was to take place. Soon after the speaking was to take place the speaking was to take place the speaking was to take place. Soon after the speaking was to take place the speaking was to take place the speaking was to take place the speaking the speaking the souri was among the principal topics under the clerks the cler

posed to be liberal, men, wemen, boys, girls, Cepperheads and Republicans, all told, would not amount to two hundred veters were there, including a good sprinkling of Republicans, whose curiosity was excited to see the abow, and learn from these oracles of Democracy new lessons, but they Republicans, whose curiosity was excited to see the above, and harm from these oraeless of Democracy new lessons, but they
couldn't see it. After singing a Vallandigham song, (they didn't pray, I believe,
the speaking consumenced, but as it was so
much in character with all their operathes,
it would be useless to repeat them—abuse
of the Administration being the principal
them, and laudstion of their own pure
particlism. Speaking was announced for
the evening, but it did not come off, the
people had left for home.

Respectfully, Zero.

Gam Cotten.

The substitution of gun-cotton for gun powder is being discussed in England and Austria, At a meeting of the British
Association for the Advancement of Science reports were read claiming the foil
lowing advantages in such a change:

Reameris Cendect.**

White the copperhead procession was passing the house of a colored family in Ashland last Friday, where the mother of the family had died and the lowing advantages in such a change:

That it makes no smoke, leaves no reald the cametery, some of the copperheads, to mum is the gun to foul it, that a gun is less sigired by repeated discharges with gun-cotton than with gunpowder and that this subject is not injured by damp as gunpowder is. These are great advantages—of gran-cotton to every war making power; but to these must be added yet others—namely, that one pounds of gunpowder—relieving artillery trains of gunpowder—relieving artillery trains therefore of two-thirds of their burdens; and that the cost of its manufacture is and that the cost of its manufacture is
